

# HAMPSTEAD SCHOOL

Learning together Achieving together

Students may be asked to complete their home learning using SAM Learning. All students are able to access assignments via their personal homepage and view homework tasks in the 'My Homework' tab. This tab shows when the homework is due to be completed, if it is has not been completed and also if it is overdue.

All completed homework is either computer or self marked, depending on the type of work set. There is instant feedback and scores can be viewed by students, parents or teachers in the 'My Progress' tab for the Last Homework Set (LHS). All staff receive a report on the homework that is completed by each student. Students are also able to re-visit homework activities if they wish to improve on their last score.

Students are able to access the service at anytime and anywhere. All they need to do is visit the website ([www.samlearning.com](http://www.samlearning.com)) and enter their unique login details.
