

# First Aid Policy

## 1. Aims

The aims of our first aid policy are to:

- › Ensure the health and safety of all staff, students and visitors
- › Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- › Provide a framework for responding to an incident and recording and reporting the outcomes

## 2. Legislation and guidance

This policy is based on advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) and [actions for schools during the coronavirus outbreak](#), and the following legislation:

- › [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- › [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- › [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- › [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- › [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- › [The School Premises \(England\) Regulations 2012](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

## 3. Roles and responsibilities

The school will have a sufficient number of suitably trained first aiders to care for employees in case they are injured at work. However, the minimum legal requirement is to have an 'appointed person' to take charge of first aid arrangements, provided the school's assessment of need has taken into account the nature of employees' work, the number of staff, and the location of the school. The appointed person does not need to be a trained first aider.

Section 3.1 below sets out the expectations of appointed persons and first aiders as set out in the 1981 first aid regulations and the DfE guidance listed in section 2.

**During coronavirus:** employers should discuss their updated risk assessment with first aiders and appointed persons for their input and so they are confident about providing the right assistance.

### **3.1 Appointed person(s) and first aiders**

The school's appointed Margaret Johnson and Stephen Garrett. They are responsible for:

- › Taking charge when someone is injured or becomes ill
- › Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- › Ensuring that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role (see section 7) and are responsible for:

- › Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- › Sending pupils home to recover, where necessary
- › Submit an accident report on the same day, or as soon as is reasonably practicable, after an incident (see the template in appendix 2)
- › Keeping their contact details up to date

Our school's first aiders are listed in appendix 1. Their names will also be displayed prominently around the school.

### **3.2 The local authority and governing board**

Camden Local Authority has ultimate responsibility for health and safety matters in the school, but delegates responsibility for the strategic management of such matters to the governing board.

The governing board delegates operational matters and day-to-day tasks to the Head and staff members.

### **3.3 The headteacher**

The headteacher is responsible for the implementation of this policy, including:

- › Ensuring that an appropriate number of first aid personnel are present in the school at all times
- › Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- › Ensuring all staff are aware of first aid procedures
- › Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- › Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- › Ensuring that adequate space is available for catering to the medical needs of pupils
- › Reporting specified incidents to the HSE when necessary (see section 6)

### **3.5 Staff**

School staff are responsible for:

- › Ensuring they follow first aid procedures
- › Ensuring they know who the first aiders in school are
- › Completing accident reports (see appendix 2) for all incidents they attend to where a first aider is not called
- › Informing the Head or their line manager of any specific health conditions or first aid needs

## 4. First aid procedures

### 4.1 In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a student is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, the First Aider or Head of Year will contact parents immediately
- The first aider/relevant member of staff will complete the central minor injuries record or a full accident report on the same day or as soon as is reasonably practical after an incident resulting in an injury

**During coronavirus:** first aiders will follow Health and Safety Executive (HSE) guidance for [first aid during coronavirus](#). They will try to assist at a safe distance from the casualty as much as possible and minimise the time they share a breathing zone. Treating any casualty properly will be the first concern. Where it is necessary for first aid provision to be administered in close proximity, those administering it will pay particular attention to sanitation measures immediately afterwards including washing their hands.

### 4.2 Off-site procedures

When taking students off the school premises, staff will ensure they always have the following:

- A school mobile phone
- A portable first aid kit
- Information about the specific medical needs of students
- Parents' contact details

Risk assessments will be completed by the trip leader prior to any educational visit that necessitates taking students off school premises.

**During coronavirus:** we will take account of any government advice in relation to educational visits during the coronavirus pandemic.

## 5. First aid equipment

A typical first aid kit in our school will include the following:

- A leaflet with general first aid advice
- Regular and large bandages
- Eye pad bandages
- Triangular bandages
- Adhesive tape
- Safety pins
- Disposable gloves
- Antiseptic wipes
- Plasters of assorted sizes
- Scissors
- Cold compresses

- › Burns dressings

No medication is kept in first aid kits.

First aid kits are stored in:

- › The first aid room
- › Reception (at the desk)
- › The administration office
- › All science labs
- › All design and technology classrooms
- › The school kitchen

## 6. Record-keeping and reporting

In addition to the below, accidents other than minor injuries must be reported to the local authority using the CamdenReport Line.

### 6.1 First aid and accident record book

- › An accident will be recorded by the first aider/relevant member of staff on either the central First Aid record spreadsheet or reported to the Camden Report Line on the same day or as soon as possible after an incident resulting in an injury – Telephone Number – 02920 266 787 For the purposes of reporting the line manager is the Head.
- › As much detail as possible should be supplied when reporting an accident, including all of the information included at appendix 2
- › A copy of the accident report form will also be added to the student's educational record by the relevant Head of Year
- › Records held in the minor injuries register and those reported to Camden Report Line will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed.

### 6.2 Reporting to the HSE

The Senior Leader in charge of first aid will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The Senior Leader in charge of first aid will report these to the Health and Safety Executive as soon as is reasonably practicable and in any event within 10 days of the incident.

Reportable injuries, diseases or dangerous occurrences include:

- › Death
- › Specified injuries, which are:
  - Fractures, other than to fingers, thumbs and toes
  - Amputations
  - Any injury likely to lead to permanent loss of sight or reduction in sight
  - Any crush injury to the head or torso causing damage to the brain or internal organs
  - Serious burns (including scalding)
  - Any scalding requiring hospital treatment
  - Any loss of consciousness caused by head injury or asphyxia
  - Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours

- › Injuries where an employee is away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident)
- › Where an accident leads to someone being taken to hospital
- › Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
  - The collapse or failure of load-bearing parts of lifts and lifting equipment
  - The accidental release of a biological agent likely to cause severe human illness
  - The accidental release or escape of any substance that may cause a serious injury or damage to health
  - An electrical short circuit or overload causing a fire or explosion

Information on how to make a RIDDOR report is available here:

[How to make a RIDDOR report, HSE](http://www.hse.gov.uk/riddor/report.htm)

<http://www.hse.gov.uk/riddor/report.htm>

## 7. Training

All school staff are able to undertake first aid training if they would like to.

All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until (see appendix 3).

Staff are encouraged to renew their first aid training when it is no longer valid.

## 8. Monitoring arrangements

This policy will be reviewed by the Senior Leader in charge of first aid every 2½ years.

At every review, the policy will be approved by the Governors Personal Development & Behaviour Committee.

## 9. Links with other policies

This first aid policy is linked to the

- › Health and safety policy
- › Policy on supporting pupils with medical conditions

## Policy Review

This policy is available on the school website and available on request from the Administration Office.

The policy was last reviewed and agreed by Personal Development & Behaviour Committee on 16 November 2021. This policy will be reviewed on an annual basis. It is due to be reviewed again in the academic year 2022/2023.

Appendix 1: list of trained first aiders

## DESIGNATED FIRST AIDERS

Designated First Aider	Extension
Stephen Garrett	272
Diane Davis	225
Maria Cunha	317
Zahid Fazel	255
Nigun Aden	269
Hayat Sultan	292
Jocelyn Jorgensen-Kemp	213
Eula Ranger	0
Salim Miah	263
Ewa Bignell	316

**In an emergency ALL first aiders will be on call**

## Appendix 2: accident report procedure

The school uses an internal central spreadsheet for recording minor accidents and Camden ReportLine for recording and any other reportable accidents. In making a report the following information will need to be readily available:

NAME OF INJURED PERSON		ROLE/CLASS	
DATE AND TIME OF INCIDENT		LOCATION OF INCIDENT	
<b>INCIDENT DETAILS</b>			
Describe in detail what happened, how it happened and what injuries the person incurred			
<b>ACTION TAKEN</b>			
Describe the steps taken in response to the incident, including any first aid treatment, and what happened to the injured person immediately afterwards.			
<b>FOLLOW-UP ACTION REQUIRED</b>			
Outline what steps the school will take to check on the injured person, and what it will do to reduce the risk of the incident happening again			
NAME OF PERSON ATTENDING THE INCIDENT			
SIGNATURE		DATE
