Y12 – Y13

Summer Bridging Tasks

2023

Level 3 Health and Social Care

Name: _____

- You should spend some time during the summer holidays working on the activities in this booklet.
- You will be required to hand in this booklet in your first lesson at the start of Year 12 and the content will be used to form the basis of your first assessments.
- You should try your best and show commitment to your studies.

Year 12 Health and Social Care Summer Bridging Work

Unit 2 – Working in Health and Social Care

This is another exam unit. You will sit this exam in January 2024. For this unit, you will use a lot of your knowledge from Unit 5, but you will also be learning a lot of new exciting things too.

Your task over the summer is to get a head start on learning aim A – A1. For this learning aim you are required to know in detail the roles of professionals within the health and social care system.

Task: Research the job roles below within a sector and produce a presentation that you will present to the rest of the class when we first come back. This must include at least 6/9 of the professions below.

- ☐ What the job role is – describe what they do.
- ☐ The knowledge and qualifications that they need.
- ☐ The skills that are required for the job role.
- ☐ What personal qualities they would need to possess – good communication, being kind etc.
- ☐ What are the benefits for the people using these services.

Make these as detailed as you can as we will only briefly be going through these when we get back in September. These will work as nice revision material for you.

Job Roles:

- doctors
- nurses
- midwives
- healthcare assistants
- social workers
- occupational therapists
- youth workers
- care managers/assistants
- support workers.
